Binding: Perfect Paperback 310 pages | File size: 54.Mb

Cecelia Davis : Death Of A World before purchasing it in order to gauge whether or not it would be worth my time, and all praised Death Of A World:

Death of a World provides documented evidence that a "doomsday scenario" is upon us. Scientists and world leaders

are baffled to finding solutions to increased cataclysmic events. Religion, politics, economics are no longer working on a global pers

About the AuthorCecelia Davis is a published author of five books, a published songwriter, and writes poetry. She is an educator, and she has a diploma from the Institute of Children's Literature. She is a public speaker and publisher. Cecelia lives in Florida wit
