E. R. Vernor : Devil's Due Essays of the Elite before purchasing it in order to gage whether or not it would be worth my time, and all praised Devil's Due Essays of the Elite:

1 of 1 people found the following review helpful. Excellent timing.By Justin LarsenFirst off I'll disclose that I am in CoS but was not a part of this compilation in any way so take that how you will with the objectivity of this review.I originally was not going to buy this to be brutally honest. I thought it was going to be another book of essays just full of misanthropic rants (not that I mind that) and recipes for Greater Magic rituals. No this was exactly what the Doctor ordered. It is Satanism applied by real members uncensored. I've only been a first degree and affiliated almost a year

and I was quite impressed. Many names I knew and some I pleasantly didn't. It had a bit of everything and it had variety which kept my attention. It was refreshing. I hate social media although like everyone you get addicted. I liked it had every background, level, etc. and it wasn't to impress anyone. I thought all of the essays were fantastic and well written. Some I couldn't relate to just due to circumstance. I had some favorites and I won't mention the names of the contributors (buy it yourself) as some really hit home. One was that it isn't a congregation. I like that it was spelled out there are members you will never meet or hear about. That people keep their work private. I think that showed a lot of respect for people that value their privacy and don't have the need to keep up with the joneses overtly. I respect also that it was made clear CoS doesn't host events. Learned it the hard way but the logic I respect. We associate with each other voluntarily. In this day and age I think it's self explanatory and not difficult to meet people. I won't say names but I had a former friend that was a member I never knew about it for a decade. Privacy is maintained. I did attend the fiftieth and wish this book was done by then (selfishly) but this is a great addition regardless. Another was the shout out to Letters to the Devil. I'm a recent member but I've been on that forum under a pseudonym for years studying in an observer capacity. I respect that it was mentioned as the Internet was not commonly used when I first learned of CoS. I hope another volume of this is done in a similar format in the future. I like the premise of it and am unsure to be honest if this has been done before. I prefer this to social media any day where you can more easily misrepresent yourself. I guess I'm old fashioned. I like books and to touch the pages. Well done Rev. Vernor and thank you. Also thanks to everyone who contributed. And loved the end.

1 of 1 people found the following review helpful. Great book!

By Robert K Stock This is an important book. The essays explain what is Satanism and how the religion is applied in the lives of individual Satanists. A must read for anyone interested in learning the truth about this subject.

1 of 1 people found the following review helpful. A definite read

By Customer This is by far one of the best books I have read. It explained the concept of Satanism from those experienced in the "religion" and caused many "ah ha" moments. I recommend this book to everyone.

The Devil's Due Essays of the Elite is a collection of articles on Satanism from respected contributors in their own words. Long perceived as Devil Worshipers by the mainstream media and Hollywood, the actual members are in fact movers and shakers within business, law enforcement, the armed services and more. The collected writings here showcase the most misunderstood religion in the world to be in reality a force of both willpower and personal achievement. Satanists explain principles of it in everyday use, by observing facets of their lives with examples of its use from raising children to changing the world around them.

About the Author Reverend E.R. Vernor, also known as Corvis Nocturnum is an author, publisher and lecturer who has written over two dozen books on popular culture. The content ranges from vampires and zombies to the Devil and the occult. He has also been a consultant for AE Channels Paranormal State. He has appeared as a guest speaker at Dragon Con, Scarefest, Parafest and interviewed on the BET Channels The Lexi Show episode The Church of Satan. He was also interviewed in an October 2009 Penthouse Magazine article on sex and Satanism. He is a media representative for the Church of Satan and a member of the priesthood.
