Barry McGee, Federico Sarica, Kyri Chenven : Dumbo: Acts of Vandalism and Stories of Love before purchasing it in order to gage whether or not it would be worth my time, and all praised Dumbo: Acts of Vandalism and Stories of Love:

0 of 0 people found the following review helpful. Lame at best By Eric Sanchez Lame at best. It looks like a Barry McGee book sans the good art. Action shots at night of hipsters doing hipster graff. I wonder why Barry chose this toy to do a feature on? Could be worse, it could've been on the U.S. version of a dip s*** toy- nemel. Why does Barry surround himself with tight pant, petty theft bragging, sace wanna be, she males? Wonder if Bruce Jenner has the next ups by Barry. 4 of 4 people found the following review helpful. Save Your Money... By Shine What this toy did to merit his own hardcover book is beyond me. How did this book even get made? There's about five pictures of sloppy, amateur "pieces" and the rest is "artsy" photos of people's feet and faces and tagged up walls. If you actually enjoy hardcore graff and want to see true style, buy Saber's book, Dondi's book, "Burning New York", or the Montana

Writer's Team...but not this. It honestly looks like the work of a twelve year old. Art or vandalism? This is just another embarrassing, unskilled toy trying to get famous.

"I dare anyone who has been to Italy, and especially Milan, in the past 10 years to claim that they have never seen the word 'DUMBO' written on the city walls. It's impossible!" Here, the artist behind those five obsessively repeated letters--who has brought the question "art or vandalism" to a country better known for its Renaissance painting and streamlined design--reveals himself and the enigmatic art underground that has nurtured him over the last decade. Photographs depicting the clandestine routines of graffiti writing for Italy's most popular street artist accompany almost 200 color pictures of Dumbo's work all over Italy and Europe. Artist Barry McGee--who honored Dumbo in a piece done for the European opening of the American street art show Beautiful Losers--says in a preface here, "Dumbo represents everything right in this world by doing everything we are told is wrong."
