Lucia Gahlin : Egypt: Gods, Myths Religion: A Fascinating Guide To The Mythology And Religion Of Ancient Egypt before purchasing it in order to gage whether or not it would be worth my time, and all praised Egypt: Gods, Myths Religion: A Fascinating Guide To The Mythology And Religion Of Ancient Egypt:

16 of 16 people found the following review helpful. I can't believe nobody reviewed this yet!By A CustomerI guess they're too busy reading it. I have many books on Egypt and this is by far my favorite. I am somebody who believes books should be both informative AND have stunning visuals. It's very hard to get interested in an ancient civilization, or have it be brought to life in your mind, without being immersed in its art and architecture.This book does indeed

have both a wealth of valuable and diverse information, and many, many beautiful color photos that bring the text to life. It has an extensive list of deities, their symbols, their cult centres, their myths, and their functions. What I found particularly interesting is that this book puts each of the myths within historical and cultural context, helping you understand how its symbolism was significant to the ancient Egyptians. The book also has plenty of information about pharaohs, temples, priests, and magic/ritual. The Egyptians did not have a morbid fascination with death. They loved life, and wanted it to last all eternity!

An authoritative account of the mythological beliefs, rites and ceremonies, richly illustrated with 400 images.

About the Author Lucia Gahlin is a highly regarded Egyptologist who studied at University College London (UCL). She has led study tours around Egypt and has worked with the archaeological team at Tell el-Amarna. She is involved with the Petrie Museum of Egyptian Archaeology and has lectured for Egyptological societies.
