This is readily apparent in ancient Egyptian iconography, but for most people, those arcane symbols remain a closed book. Lucy Lamy's book is a masterpiece that opens these ancient vaults of wisdom to the modern reader. I found extraordinary spiritual insights in

what I have previously seen as a dry and opaque tradition. After the essay in part one, part two ("Plates") and part three ("Themes") present images with text explaining where they fit into Ms. Lamy's analysis. Having read the essay, the images made sense - I understood where they fit in this elaborate mythological system. If you have ever been captivated by, but have failed to understand, Egyptian iconography, this is the perfect book for you. I also highly recommend this book to anyone interested in the history of esoteric spiritual traditions. 3 of 3 people found the following review helpful. Superb By The Interested Reader This was an excellent book. thoroughly enjoyed not only the content (information presented) but the writing style of the author. I would highly recommend this book. Very informative. 1 of 1 people found the following review helpful. Five Stars By WAZMANGreat book at a great price with fast ship.
