Muata Ashby : Egyptian Mysteries Volume 1: Shetaut Neter before purchasing it in order to gage whether or not it would be worth my time, and all praised Egyptian Mysteries Volume 1: Shetaut Neter:

3 of 4 people found the following review helpful. Interesting details of Egypt Neteru but packaged in a PowerPoint format with too many sermonsBy BoulderReginaldThe format of an extended PowerPoint presentation being made directly into a book does not work - even with some editorial brushing over. The content is too much like sitting thru a PowerPoint meeting. The content is interesting in that it offers a good insight into the powers that were worshipped in Egypt for millennium and how the common person often saw their worship. I do not buy off on the pan-African message pushed none to subtly time and again nor the assertions that Sumeria and ancient Indian cultures were 'colonies' or heavily influenced by Egypt. Interesting content but it must be read with a large grain of salt and ignore the irritating sermonizing.0 of 0 people found the following review helpful. Five StarsBy BarbaraLove it a lot of helpful information6 of 7 people found the following review helpful. AwesomeBy TFB01Anything that shows or

teaches of humanity's true story will be elevated by me. I'm a firm believer that the so called history taught in most schools is rife with falsities.

What are the Mysteries? For thousands of years the spiritual tradition of Ancient Egypt, Shetaut Neter, "The Egyptian Mysteries," "The Secret Teachings," have fascinated, tantalized and amazed the world. At one time exalted and recognized as the highest culture of the world, by Africans, Europeans, Asiatics, Hindus, Buddhists and other cultures of the ancient world, in time it was shunned by the emerging orthodox world religions. Its temples desecrated, its philosophy maligned, its tradition spurned, its philosophy dormant in the mystical Medu Neter, the mysterious hieroglyphic texts which hold the secret symbolic meaning that has scarcely been discerned up to now. What are the secrets of Nehast {spiritual awakening and emancipation, resurrection}. More than just a literal translation, this volume is for awakening to the secret code Shetitu of the teaching which was not deciphered by Egyptologists, nor could be understood by ordinary spiritualists. This book is a reinstatement of the original science made available for our times, to the reincarnated followers of Ancient Egyptian culture and the prospect of spiritual freedom to break the bonds of Khemn, "ignorance," and slavery to evil forces: Saa .
