Alison Weir : Elizabeth of York: A Tudor Queen and Her World before purchasing it in order to gage whether or not it would be worth my time, and all praised Elizabeth of York: A Tudor Queen and Her World:

3 of 3 people found the following review helpful. Elizabeth of York - Another Hit for Historian Alison WeirBy Judith M. YoungI loved this well researched book. Alison Weir scored another hit once again. Sometimes going thru the actual purchase rolls can sometimes be a bit tedious - but she is a marvelous historian and I appreciate that and this minor criticism reflects that (reason why I did not give her 5 stars).Buy this, you will LOVE it.0 of 0 people found the

following review helpful. Highly detailed history of Henry VIII's mother
By Ifleazar
After reading this book I now know much more about Elizabeth of York, her immediate family and the beginning of the Tudor dynasty in England. While the book was VERY well researched and informative, I felt that parts of it were a real slog to push through - too many minute details of too many people who weren't all that important to the main story. If you are reading for research, this is your book. If you are reading for pleasure, then not so much.

By Tripower53A
A remarkable biography of Elizabeth of York. I truly enjoyed it. As will all of Alison Weir's books, it was well-written and plotted. It read in a linear fashion, with no unnecessary asides or factoids. I am slowly reading all of her books I enjoy them so much. Keep up the good work, Ms. Weir!

NEW YORK TIMES BESTSELLER
Many are familiar with the story of the much-married King Henry VIII of England and the celebrated reign of his daughter, Elizabeth I. But it is often forgotten that the life of the first Tudor queen, Elizabeth of York, Henry's mother and Elizabeth's grandmother, spanned one of England's most dramatic and perilous periods. Now New York Times bestselling author and acclaimed historian Alison Weir presents the first modern biography of this extraordinary woman, whose very existence united the realm and ensured the survival of the Plantagenet bloodline. Her birth was greeted with as much pomp and ceremony as that of a male heir. The first child of King Edward IV, Elizabeth enjoyed all the glittering trappings of royalty. But after the death of her father; the disappearance and probable murder of her brother the Princes in the Tower; and the usurpation of the throne by her calculating uncle Richard III, Elizabeth found her world turned upside-down: She and her siblings were declared bastards. As Richard's wife, Anne Neville, was dying, there were murmurs that the king sought to marry his niece Elizabeth, knowing that most people believed her to be England's rightful queen. Weir addresses Elizabeth's possible role in this and her covert support for Henry Tudor, the exiled pretender who defeated Richard at the Battle of Bosworth and was crowned Henry VII, first sovereign of the House of Tudor. Elizabeth's subsequent marriage to Henry united the houses of York and Lancaster and signaled the end of the Wars of the Roses. For centuries historians have asserted that, as queen, she was kept under Henry's firm grasp, but Weir shows that Elizabeth proved to be a model consort: pious and generous, who enjoyed the confidence of her husband, exerted a tangible and beneficial influence, and was revered by her son, the future King Henry VIII. Drawing from a rich trove of historical records, Weir gives a long overdue and much-deserved look at this unforgettable princess whose line descends to today's British monarch. A woman who overcame tragedy and danger to become one of England's most beloved consorts. Praise for Elizabeth of York Weir tells Elizabeth's story well. . . . She is a meticulous scholar. . . . Most important, Weir sincerely admires her subject, doing honor to an almost forgotten queen.
The New York Times Book Review In [Alison] Weir's skillful hands, Elizabeth of York returns to us, full-bodied and three-dimensional. This is a must-read for Tudor fans!
Historical Novels Review This bracing biography reveals a woman of integrity, who . . . helped [her husband] lay strong groundwork for the success of the new Tudor dynasty. As always in a Weir book, the tenor of the times is drawn with great color and authenticity.
Booklist Weir once again demonstrates that she is an outstanding portrayer of the Tudor era, giving us a fully realized biography of a remarkable woman.

From Booklist
The subject of the popular British historians latest plunge into the fertile Tudor ground she has so successfully tilled in many previous books is the wife of the first Tudor monarch, Henry VII, who dethroned the last Yorkist king, Richard III, in a pitched battle and assumed the crown himself. The marriage of Elizabeth of York, the last surviving Yorkist heir, to the new Tudor king had the intended effect of settling any controversy as to who rightfully sat on the throne. Despite some bothersome initial bumps in the narrative road—namely, Weir's tendency early on, in the face of scant documentary evidence specifically about Elizabeth, to say, She would have done this, she would have seen that—this bracing biography reveals a woman of integrity, who, while honoring her Yorkist heritage, grew to love her husband, became a kind and generous queen consort, and helped him lay strong groundwork for the success of the new Tudor dynasty. As always in a Weir book, the tenor of the times is drawn with great color and authenticity.
High-Demand Backstory: Given Weir's universal appeal as a popular historian, especially of the very popular Tudor era, her publisher has an extensive ad campaign planned for the release of her new book. --Brad Hooper
