James M. Flint Ordered four books on Ellora and this is the best of the bunch. Pictures and drawings were great and you got a real feel of the place. Other books provide similar text, but without all the photos which is what I wanted in the first place. 0 of 0 people found the following review helpful. Useful By Eric Mueller Useful

Celebrated for its lofty temples and gigantic sculptures carved between the middle of the sixth and tenth centuries, Ellora has a rich artistic and architectural history. In this book, Dhavalikar offers an introduction to the magnificent world of Ellora caves and monuments--their history, patronage, religion, and iconography.
