Pedro M. Muoz, Marcelino C. Marcos : Espaa ayer y hoy (2nd Edition) (Spanish Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Espaa ayer y hoy (2nd Edition) (Spanish Edition):

2 of 2 people found the following review helpful. Ayer y Hoy ReviewBy Crea19I am not going to say that I absolutely love this book. It's a textbook so it's not as if it is going to grab my attention and never let me go.Anyway, the textbook is all about the history of Spain. And there is a lot of history. This book is for native readers, or at least students who are proficient in reading Spanish--a lot of Spanish. If you plan on going to Spain and want to learn some of its history, then this is an informative book. Or if you need it for a class, go for it. But don't try to read it if you are not very skilled in reading Spanish.0 of 0 people found the following review helpful. book not in great condition but manageable if you want to save some ...By dreaoKay condition, book not in great condition but manageable if you want to save some cash.0 of 0 people found the following review helpful. Good, brief description of every aspect of

Spain. By Mike Honcho. Read the whole book. Reads to a very high register of Spanish, and thus would not be attempted by the average student. If you feel up for a challenge, have a dictionary handy. If you need a good rundown of the history of Spain, this is it. Also covers some art, music, religion, culture, etc.

España: Ayer y hoy offers a comprehensive and systematic study of the history of Spain and its role in shaping current social, political and cultural circumstances. This broad interdisciplinary coverage of issues in contemporary Spanish society includes important topics other texts ignore, such as demography and sociology, immigration and minorities, and popular culture and mass media in Spain. The new edition is even more accessible to students, incorporating study questions for each chapter, glossing of unfamiliar vocabulary, and a more transparent chapter structure to facilitate comprehension and discussion.

From the Back Cover España: Ayer y hoy offers a comprehensive and systematic study of the history of Spain and its role in shaping current social, political and cultural circumstances.
