I feel the Etruscans were the essence of beauty and life as a foundation for our lives today. The book has beautiful photographs and archeological information. I also took the book D.H.Lawrence In Italy, which is very descriptive of the Etruscan painted tombs in Tarquinia and the deeper spiritual meanings of their life and what they offered to humanity in many ways. I am still enjoying both books.0 of 0 people found the following review helpful. Ultimate lifestyle.By David McDonaldComprehensive insight.5 of 6 people found the following review helpful. NiceBy RebeccaI didn't know much about Etruscans and I think this is the perfect book for anyone that wants a basic information on that ancient civilization.
