From William A Jurgens : Faith of the Early Fathers: Three-Volume Set before purchasing it in order to gauge whether or not it would be worth my time, and all praised Faith of the Early Fathers: Three-Volume Set:

6 of 6 people found the following review helpful. ESSENTIAL CATHOLIC APOLOGETICS REFERENCE! By Saber BobI bought the 3-volume set, but Vol 1 is the most important for demonstrating the ancientness of "Catholic" beliefs. Most of what is great about it was covered in other reviews. One of the unintended consequences of _The Da Vinci Code_ nonsense was the response of a lot of believing Protestants started to examine the Patristic writings to refute the near-universal egregious errors Dan Brown spouted. Several Evangelical pastors learned for the first time

that it was the Catholic Church which always believed and always taught the doctrine of Christ's divinity, the Trinity, etc... BUT ALSO right alongside distinctly Catholic beliefs such as the Real Presence in the Eucharist, The Ordained Priesthood, and the Authority of the See of Peter. There's been a flush of "crossing the Tiber" conversions by evangelicals and fundamentalists because of revived Patristic study and this series makes it easy. 6 of 6 people found the following review helpful. The Perfect Resource By Katherine This should be part of every caring Catholic's library. A wonderful way to counter people who try to tell you that the early Catholics turned away from the teachings of Christ. What nonsense! It is a beautiful resource, too, for the early church teachings on the real presence of Jesus in the Eucharist. 6 of 6 people found the following review helpful. I Knew Bill Jurgens By Michael B. Smith The author was one of my professors in Seminary. The author spoke of and wrote as if he knew the Early Fathers personally. This work has a deserved reputation in English-speaking seminaries across the world.

Taken together, these three volumes represent a basic English-language reference book of patristic works. Volume 1 ends circa 382; Volume 2 concludes with Julian of Eclanum (d. 454); Volume 3 ends with St. John of Damascus (d. 749).

. . . a unique three-year study . . . of such depth and breadth that it raises serious questions about how all U.S. Christians interpret and practice their faith.
