**Alexander Rubel, Michael Vickers : Fear and Loathing in Ancient Athens: Religion and Politics During the Peloponnesian War** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Fear and Loathing in Ancient Athens: Religion and Politics During the Peloponnesian War:

Athens at the time of the Peloponnesian war was the arena for a dramatic battle between politics and religion in the hearts and minds of the people. *Fear and Loathing in Ancient Athens*, originally published in German but now available for the first time in an expanded and revised English edition, sheds new light on this dramatic period of history and offers a new approach to the study of Greek religion. The book explores an extraordinary range of events and topics, and will be an indispensable study for students and scholars studying Athenian religion and politics.

Winner of the Historical Sciences and Archaeology Award "Vasile Parvan", Romanian Academy About the Author Professor Alexander Rubel is Director of the Institute of Archaeology, Iasi, Romania.
