From Encyclopaedia Britannica : Founding Fathers: The Essential Guide to the Men Who Made America before purchasing it in order to gage whether or not it would be worth my time, and all praised Founding Fathers: The Essential Guide to the Men Who Made America:

0 of 0 people found the following review helpful. EXCELLENT READBy Brittany WilliamsEXCELLENT read. I was looking for a book to where I could learn more about the history of our great country. I learned so much from this book and was excited to keep reading. Well written and good price. I have already recommended this book to many friends and family members.7 of 8 people found the following review helpful. Concise and InformativeBy KG74I have been studying the Founding Fathers and the period of the Revolutionary War for several years and I have often wanted a concise research tool to turn to for a quick refresher of any number of the extraordinary men (and women) that founded our country. In addition to the members that make up the early American political sphere, there are notes on the Louisiana Purchase, The Declaration of Independence, the Treaty of Paris, and other notable events and articles of political importance. This text is very well written and I would highly recommend it to anyone who is interested in this subject.0 of 0 people found the following review helpful. Really good bookBy CustomerReally good book for beginners who are starting to learn American history.

An authoritative, accessible guide to the figures who shaped a nationHow did upstart colonists solidify the ideas celebrated in the Declaration of Independence and defeat the powerful British army? How did thinkers from disparate backgrounds shape a government that transformed modern politics? The Founding Fathers explains how, putting valuable information on this historic period at your fingertips--straight from one of the most trusted sources of information around the globe.This comprehensive guide takes a compelling look at prominent statesmen such as Benjamin Franklin, Thomas Jefferson, Thomas Paine, and George Washington and lesser-known but influential leaders such as Samuel Chase, Charles Pinckney, and others. Alphabetized for easy reference, it also offers discussions of key issues, including slavery, the separation of powers, the presidency, and Deism and Christianity; events, such as the American Revolution, the Whiskey Rebellion, and the Louisiana Purchase; and documents, including the Constitution and the Bill of Rights. Every special essay and concise entry--from ""Abigail Adams"" to ""George Wythe""--promotes the deeper understanding of the personalities, issues, and events that only Encyclop?dia Britannica can provide.The book's balanced, fact-based coverage of the Founding Fathers is especially relevant today, when differing interpretations of their intent are used in debates over current policies. The Founding Fathers is the ideal resource for anyone looking to hone his or her knowledge of the fascinating figures who wrote the first chapter of U.S. history.
