When Satan tries to silence the church, it grows stronger. This book is a great blessing! It causes us to realise that a great price has been paid by saints of the past! We have no idea today in America the horrible persecution that the church has faced. Satan has tried to put the church "out of business" but as these real lives have proven as persecution is faced, God gives grace for us to not give up and back down even when you are staring adversity in the face! Satan is a roaring lion, he is walking about, seeking whom he may devour. You will not regret a moment of reading this book! It is very thought provoking... would we stand up for Christ's Name if we were in these situations? If we had to face them, He would give us the grace to go thru it! Jesus Christ is the way, the truth, the life! 0 of 0 people found the following review helpful. Painful and terrible history of the horrific suffering of early Christian martyrs. Some Christians today think they suffer for the faith if they have any difficulty, but the martyrs in this book break your heart. These people have earned the right to sit near the Throne. 2 of 2 people found the following review helpful.
