Francis of Assisi, Clare of Assisi : Francis and Clare: The Complete Works (The Classics of Western Spirituality) (Classics of Western Spirituality (Paperback)) before purchasing it in order to gage whether or not it would be worth my time, and all praised Francis and Clare: The Complete Works (The Classics of Western Spirituality) (Classics of Western Spirituality (Paperback)):

1 of 1 people found the following review helpful. Western ClassicsBy LarryAs they always do, the "Classics of Western Spirituality" presents a solid introduction to the writings and lives of many of the spiritual pilgrims who have left their message of spiritual wisdom for others to benefit from. It does not take the Catholic to appreciate St Francis or Clair and their love for Jesus Christ and devotion to discovering the depths of relationship they can experience with Him. Those who sincerely seek to know God can benefit from their wisdom and experiences today!15 of 16 people found the following review helpful. Good devotional readingBy organguyFrancis and Clare both have some wonderful devotional writings, perfect for reading small portions at a time and then meditating on them. My only regret is that there isn't more of their own writings to read. This book, like many others, is filled with commentary and introductions to the writings which, although sometimes useful, often get in the way of simple devotional use. I tend not to like books where the commentaries and introductions take up more space than the writings themselves and that's nearly true of this book. Nevertheless, it's a good collection and worth having and reading.0 of 0 people found the following review helpful. I work at a parish that was, until recently ...By J. D. WarrickI work at a parish that was, until recently, run by the OFM, and while they have had to let go of this parish, the Franciscan charism and spirituality lives on. This is my second or third copy of this book, and one of my top go-to resources for writings from St. Francis and St. Clare.

Francis (c. 1182-1226), "The Little Poor Man" of Assisi, and Clare (c.1193-1254), "The Clear One," the woman who lived out his vision with heroic simplicity, together shaped the spirituality of early thirteenth-century Europe. Each gathered communities of like-minded persons to live out a radical commitment to the Gospel message of poverty and in the process left a legacy that has captured the imagination of both believer and nonbeliever throughout the ages. Here for the first time in English the complete writings of both Francis and Clare have been brought together in one volume. The book represents the first English translation based on the critical texts of the writings of Francis assembled by Kajetan Esser in his 1976 *Opuscula des Heiligen Franziskus von Assisi*, and the critical texts of Clare's writings done by Ignatio Omaechevarria. Writing in the preface to this volume, John Vaughn, Minister General of the Friars minor, sums up the relevance of Francis's and Clare's vision for today: "[It] Calls us to revitalizes our lives and those of others, and indeed to renew the very life of the Church in these times of crisis."

Language NotesText: English, Latin (translation)About the AuthorSt. Francis of Assisi (1181-1266) was a charismatic preacher and founder of the Franciscan order.
