D. A. Carson : From Sabbath to Lord's Day: A Biblical, Historical and Theological Investigation before purchasing it in order to gage whether or not it would be worth my time, and all praised From Sabbath to Lord's Day: A Biblical, Historical and Theological Investigation:

0 of 0 people found the following review helpful. Five StarsBy Jae C.great price3 of 4 people found the following review helpful. An In-Depth Look at the SabbathBy Josiah Luke SpencerThis book is not for the faint of heart. This is

no cursory treatment of the issue of the Sabbath. It is an in-depth, academic treatment. If you're really looking to dive in deeply, this is a great tool. If you're looking for something lighter, look elsewhere. This is long and heavy. 3 of 4 people found the following review helpful. Amazing historical research By Bernard Rediger It gives great insight to the initial responses and interpretations to the finished work of Christ and then how things would ebb and flow during later periods of time. It was done in a spirit of relating observations for what substantiated their evaluation and not trying to prove another understanding wrong. However, it did a good job of presenting their observations that made it clear what the differences were and why. It has been very helpful for me in that it provided solid reasoning for what I thought I believed, yet I would not have been able to articulate it even to myself. Unless you have the time, the gift/skill, and motivation for research into the depths and you want to understand why anyone could possibly say that there is a difference about how one commandment's requirement could change, then it is a great resource.

A series of authors assert the premise that Sunday is "a new day of worship that was chosen to commemorate the unique, salvation-historical event of the death and resurrection of Christ, rather than merely being another day for celebrating the Sabbath"
