following review helpful. Great book!By Vann S. JohnsonGeorge was the "go-to" guy for Meriwether and William

who is one of the unsung heroes of their journey. Ms. Sagajawea is also not given enough credit for keeping those men alive when encountering the Shoshones!0 of 0 people found the following review helpful. A must-read bookBy VikkiI purchased this book for my husband's birthday. He is an avid Lewis and Clark fan. He loves this book and considers it a great addition to his Corp of Discovery Library.

George Drouillards service to the Lewis and Clark Expedition was long obscured by the stronger light cast on the leaders and Sacagawea. Drawing from the various journals of the expedition and from many more obscure documents, letters, and legal records, M. O. Skarsten presents not merely an account of the pursuits in which Drouillard engaged but also an idea of the kind of man he was, as a member of the famous expedition and later as a partner of Manuel Lisa in the fur trade.

"Skarsten does an excellent job of assembling the patchwork quilt of references to Drouillard in order to fashion a biography of a great frontiersman."San Francisco Corral
