Germans to America: Lists of Passengers Arriving at U.S. Ports, Vol. 28: Aug. 1, 1872-Dec. 31, 1872:

Germans to America provides both genealogists and researchers of family history with the first extensive, indexed source of German-surname immigrants who came to all ports in the United States between 1850 and 1893. This period witnessed one of the highest rates of German emigration in the nineteenth century. The series reproduces information from the original ship manifest schedules, or passenger lists, filed by all vessels entering U.S. ports. All volumes are arranged in chronological order by each ship's date of arrival. For every passenger list, the following information is provided: ship name, port of departure, port of arrival, date of arrival, and list of German-surname passengers. Ships that departed from German ports or carried passengers who declared themselves to be of German origin are included, with full name, age, sex, occupation, and, when this information is given, country, province or village of origin provided for each emigrant. One of the most important features of this series is the complete index of names at the end of every volume, making it easy to find a particular individual or family name. Germans to America may be ordered by individual volume. Standing orders, which receive a 10% discount, are also welcomed.

Unquestionably an essential reference for both genealogists and historians.
