Rico Paganini : Giza Legacy I (The Living Legacy Trilogy) before purchasing it in order to gage whether or not it would be worth my time, and all praised Giza Legacy I (The Living Legacy Trilogy):

0 of 0 people found the following review helpful. great bookBy VERNON BEERi love this book a still reading it , lots of 3d pics and photos , would recomend to people who like egypt7 of 7 people found the following review helpful. Walking UNDER the pyrimids the sphinxBy spirited jeffRico Paganini is a true pioneer. Most of the 350 color photos photos in this amazing book are from Rico's camera as he was beneath the pyramids of Giza or visting sacred sites around the world. He is searching for our connection to the ancient races our history books don't acknowledge and Edgar Cayce, the "sleeping prophet" in the 1800's, was the first one to speak about. Cayce spoke about a room, during his many thousands of documented trance readings, that would someday be discovered under the paw of the sphinx

and its contents when revealed to the world would change our perspective on the history of civilization forever. Rico has been in search of that room and believes he has found it! I would recommend this book to anyone who has thrilled to watching the History Channel's Ancient Aliens series. This gives you a guidebook for all the tons of fascinating information that blew by you in that series. This gorgeous book also contains computer generated images that give you an idea what these underground chambers look like as well as where they are located underground. Rico also astonishingly went under the pyramids on the QT w/o the sanction of the Egyptian government because he says most Egyptologists don't want people revealing facts that could lead to a rethinking of who in fact built the pyramids? Any digging that leads to facts that show Egypt as not being the civilization that built the pyramids is denied access to them according to Rico, so quiet explorations are the only place the truth can come out... but the Truth will come out. I feel Rico's book, "Giza Legacy" is such an important and physically beautiful book, being printed on high quality glossy paper it will make a beautiful edition to your library. I do hope the History Channel finds out about this book soon and sees how it makes a natural companion to their first Ancient Alien series. Yes this is a chunk of change to pay for a book, but you are also supporting someone who spent seven years traveling the world, hiding underground in dark caverns in order to bring this exciting perspective of a new world history that has the potential to change the way we see our place in the world...forever! Yes, buy this book. Give this man support for his courage and willingness to reveal deeper Truth to the world in order to bring to light the greater Truth that still lies hidden from sight under the earth. "May the Truth Come to Light" Rico Paganini. If you wish to know the Truth, here is your guide.

5 of 5 people found the following review helpful. Giza Legacy a phenomenal work, exquisite quality
By BITERadio.me
Rico's book Giza Legacy is a phenomenal piece of work!! I have followed Egyptian lore of the pyramids and Giza for decades and Rico's book has now become my primary reference point for all questions Giza and the pyramids. The graphics, detail and quality of the book itself is amazing. Rico was a guest on my radio show and his enthusiasm about the topic is infectious! ~ Robert Sharpe, Founder of BITERadio.me, Host of the Mystical Cruise Show

This book contains accounts of expeditions into the mysterious realms of the pyramids and the sphinx, which are key to both our origins and our future. Will humans overcome their technical, material worldview and find their way back to the freedom of the spiritual world? This can only succeed if we can realign with the lost legacies of ancient times and can decipher that wisdom. Scientists and spiritual explorers alike are striving to penetrate the hidden worlds of Giza. The discoveries they have made are nothing short of breathtaking. Some may suspect it while others already know: Here, both in and below the pyramids, lies the key to a liberating truth for all those who seek it - the Giza Legacy. In this groundbreaking book, Rico Paganini provides a fascinating overview of developments and discoveries involving the pyramids and the Sphinx. Modern technology combined with spiritual sensing abilities enabled him to penetrate spheres that have been blocked until now. In the course of many excursions to Egypt over several years, a world-shattering realization came to him: The real secret of the pyramids has yet to be recognized. It has little to do with how they were built and their incomprehensible size and geometry, but instead it has to do with their metaphysical significance and their function as a guidepost to the subterranean world beneath them. In this book, the author takes us along on some of his expeditions. He meticulously documented all that he experienced in photographs and sketches. The book features hundreds of photographs as well as maps and 3D graphics, which give us an impression of the structures found both above ground and below ground in Giza and of newly discovered chambers and even the legendary Hall of Records. Giza Legacy paints a picture of a fascinating world in which the meaning of Giza is placed in a greater context that goes far beyond the borders of Egypt. It is nothing less than a new, or rediscovered, human history traced far back to the lost continents of Atlantis and Lemuria. The clues are there for all to see wherever the ancient megalithic structures remain. And the clues extend far beyond the distant past into the cosmos and the far-off constellations of Orion, Sirius, and the Pleiades. Rico Paganini reveals the correlations that have until now been taboo. In a fascinating and methodical manner, he opens our eyes to the spiritual world behind the mundane material one, showing us how, through archeological discoveries, we can gain access to an entirely new worldview. However, a shadow has been cast over the historical remains of the three ancient cultures. For years and with increasing tempo, a far-reaching wall is being built around the pyramids and Sphinx. Giza Legacy impressively documents the dimensions and significance of this dramatic development. For if they are here, both inside and beneath the structures - the answers to great questions of humanity lying hidden - then should scientific and spiritual researchers remain excluded from their discovery? Who or what lies behind the ridiculously extensive Giza Wall? Where do we come from? Where are we going? This book will affect those who ask themselves such questions. It is not just an extremely thorough report on the world wonders in Egypt but a report about the spiritual hope of humankind.

Epilogue by Andreas Sommer
After a passionate decade of spiritual research and numerous journeys to Earth's cultural and megalithic power spots, Rico Paganini can conclusively prove that all the sacred books, prophecies and the 4-cycle calendar agree in one aspect:
The turning point that will change everything is upon us NOW.
One man bears witness in this book, because he can no longer remain silent and may wait no longer. What he has to reveal

is simply too significant for humankind: The great Plan of Creation and the Plan of Redemption that will lead aligned people towards the light. The message that he delivers must manage to reach people now. Because time is running out. Only a few years remain before the turning point to return to the divine spheres. There are perhaps just two decades remaining.

The author did not choose this messenger role. Rather, he accepted that an experience he had destined him to spread the word about the Divine Legacy.

He is driven neither by ambition nor a craving for recognition, but instead, love and a promise. To feel that is what makes his calling so authentic and touching.

For him it is like the person who discovers that a medicinal herb can heal a terrible illness. And now nothing can and may prevent him from informing all those who have the illness before it is too late. He does not expect gratitude. He does not need personal recognition. Only one thing matters to him: that the ascension of souls is successful. And that is what DEI LEGACY is all about—the most important healing of all. Just that! And that is everything.

This book reveals a wondrous holistic view to all those who are able to receive its message without preconceptions and with the strength of their hearts, as well as a wonderful perspective of this uncertain and fearful time at the beginning of the 3rd millennium. --Andreas Sommer, Author
