Episcopal, Baptist, Methodist, etc. we as a nation are being exposed, many for the first time, to people who worship BUT they do not worship our Creator, our Savior Lord Jesus Christ nor the Holy Spirit. Our nation was based on God's plan for us to become a fruitful nation of faithful Christians and to share His love and light to those who have not received Him into their hearts. 2 of 2 people found the following review helpful. Humor has its place but not in a book of this type. By Orval Stanley I found the attempt to be humorous by placing extreme scenarios in the book as chapters a little disconcerting for no real reason. His facts were wonderful but over all the book (IMO) would have been much better without weird chapters. 0 of 0 people found the following review helpful. Very good book By Garey I This is a really good book, I am enjoying it very much. I will recommend the Deplorables guide to making America great again, also by Todd Starnes. You will not regret it.

Pay attention, people of faith. Dark clouds are gathering. The winds of intolerance are blowing. There's a great storm approaching. American Christians are facing uncertain times. Our nation's values are under assault. Religious liberty has been undermined. We live in a day when right is now wrong and wrong is now right. The vicious leftwing attack against the recent traditional marriage stance of Chick-fil-A should serve as a wakeup call to people of faith. It's not about a chicken sandwich. It's about religious liberty. It's about free speech. It's about the future of our nation. As a reporter covering the culture war for FOX News, Todd Starnes is on the front lines of these attacks against traditional values. In *God Less America*, he uses both recent news stories and compelling interviews with today's top conservative leaders to bring to light what is happening across our country. In his award-winning, satire-meets-serious writing style, he strikes an important blow in today's culture wars.

In this book Todd Starnes combines his signature humor and award-winning investigative journalism skills to expose the left's war on religious liberty. --Sean Hannity-- In this book Todd Starnes combines his signature humor and award-winning investigative journalism skills to expose the left's war on religious liberty.
