been in past years one of the most courageous political leaders in Israel. I personally witnessed his courage when in a demonstration against the disastrous Oslo agreement he marched forward against a hostile mounted police force. He is currently the leader of the Echud - Leumi party. As a religious Zionist he believes in the Biblical promise to the people of Israel. And he has proposed a peace plan by which the greatest share of the Arabs of Judea and Samaria are connected politically with Jordan. He is a strong visionary leader, and his proposal for the future of Israel is close to the one given by the Bible. 4 of 4 people found the following review helpful. Classic! By Joshua Wander This is a must read for anyone that is interested in the Middle East in general and Israel in specific. Probably not the most accepted political view, but in order to gain insight into how this region works, a necessary one to study. This member of Knesset is one of the up and coming power-brokers in Israel, read what he has to say and you'll come out enlightened to a new perspective. 0 of 0 people found the following review helpful. God's Covenant with Israel By M. Darter A good insight of what is taking place in Israel. Some parts confusing but otherwise a good book to go with any study of Israel and the rebuilding of the temple.

Like a ghost returning, the modern state of Israel is a thoroughly astonishing reality. Built on the ruins of ancient cities and villages, Israel today is a thriving democracy, in spite of the relentless terror war waged against it by radical Islamic groups. Knesset member Binyamin Benny Elon is a moral voice in Israel's government, and this new book is certain to find a wide audience among his country's advocates, like America's evangelicals. A brilliant mixture of Israel's current political and security situation, contrasted with its ancient biblical heritage, makes God's Covenant with Israel an irresistible book. Filled with color photos and maps that explain Israel's status in clear detail, the book represents Elon's heart. Determined to hold off his nation's enemies by speaking the truth, Elon, who served two terms as Israel's minister of tourism, is a bold spokesman for the Jewish state.
