A major work of Jewish thoughtBy Shalom FreedmanThis is the major work of a major Jewish thinker. Professor Fackenheim was a man of great personal integrity, of great caring for the Jewish people , and of great independance and strength as a thinker. His Jewish thought often involves a kind of midrashic like mediation on traditional texts, and often an abstract analysis in philosophical language.This work is difficult at times but strongly recommended for all those who wish to deepen their sense of the meaning of Jewish life and thought.

This 1973 book is a trade paperback from Harper Collins.
