By rwski  
Christians are looking in the wrong direction and are missing the Truth about the antichrist and end-times prophecy! Just as God's people missed Christ in His first coming because of misunderstandings and misinterpretations of the Scriptures, so also is the Church missing the "signs of the times" today. And just as they were stubbornly resistive to change their thinking then, even so today many will likely reject this excellent and extensive expose of genuine Biblical prophetic events as they are already being unveiled. This book is THE best that I've read about Islam and the end times. A few others are looking in the right direction, but Shoebat shows himself an expert researcher regarding the many details he uncovers. He sees Scripture from a Middle Eastern perspective and ties endless loose ends together unlike anything else. The book is excellent, and an absolute MUST READ. Those who bypass this one will remain clueless as to the detailed prophetic fulfillments that are right now taking place. It will help people to realize just how near America is to losing it all because of the Church's being so naive and ignorant of the prophetic Scriptures.

By Magnum P.I.  
The best book to help in understand ISIS, Islam and the times coming sooner than most think. A must read for Christians and a sadly needed to read for Muslims. I would give it 6 stars if I could!

God War on Terror is one of the most important books ever to be written on End-Times prophecy. As Walid says, I wasted my college days taking courses on Psychology 101, English 101, and Sociology 101 but I never imagined Futurology 101! The bible, as I found it, is not simply a book on personal devotion as is commonly thought; it is a detailed roadmap with mountains of evidence that God exists. His design from time immemorial, regarding man's destiny, is filled with countless details about the future, especially the coming war with an Islamic coalition against Christianity and Israel. In fact, all of the references in the Bible to nations, against which God declares His war in End-times, you will find, are all Muslim.

From the Inside Flap  
From every area of the free world, strong evidence is reaching us of crimes and atrocities committed by Islamic fundamentalists in the name of Allah. A great many Muslims, "educated" people, and our elected leaders known about these crimes; those who do not know, do not know because they do not want to know. They do not ask questions because they are afraid of the answers. They fear the knowledge of what they are tolerating, but the ones among us who are open to seeking truth and justice know how to differentiate between criminals and their victims. The people of the civilized world now have to prove by deed where they stand; mere words will not be believed by a world that witnesses the crimes against God's people and my Christian brethren. In the past I have sinned greatly against God's people, but because of the grace I received through Christ, I am working to rescue them from injustice. About the Author  
Walid Shoebat was born and raised in Bethlehem, Israel by an Arab father and an American mother. His paternal grandfather was an associate of Haj-Ameen Al-Husseini, the Grand Mufti of Jerusalem, who was an ally of Adolph Hitler, who conspired with the Nazis during the holocaust. Walid married a Catholic woman, and was challenged to examine the Bible in 1993 and compare it with the Qur'an.
