Jacqueline Rose : **Godly Kingship in Restoration England: The Politics of The Royal Supremacy, 1660-1688 (Cambridge Studies in Early Modern British History)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Godly Kingship in Restoration England: The Politics of The Royal Supremacy,

1660-1688 (Cambridge Studies in Early Modern British History):

The position of English monarchs as supreme governors of the Church of England profoundly affected early modern politics and religion. This innovative book explores how tensions in church-state relations created by Henry VIII's Reformation continued to influence relationships between the crown, parliament and common law during the Restoration, a distinct phase in England's 'long Reformation'. Debates about the powers of kings and parliaments, the treatment of Dissenters and emerging concepts of toleration were viewed through a Reformation prism where legitimacy depended on godly status. This book discusses how the institutional, legal and ideological framework of supremacy perpetuated the language of godly kingship after 1660 and how supremacy was complicated by the ambivalent Tudor legacy. It was manipulated by not only Anglicans, but also tolerant kings and intolerant parliaments, Catholics, Dissenters and radicals like Thomas Hobbes. Invented to uphold the religious and political establishments, supremacy paradoxically ended up subverting them.

"... a major achievement. Thanks to its ambitious scope, and thoughtful dissection of the works of so many thinkers, it will become an indispensable guide to some of the most important questions about church and state in the 16th and 17th centuries." Christopher Brooks, *s in History*"This is an excellent book." Grant Tapsell, *Renaissance Quarterly*"This book is to be thoroughly recommended to all students of the later seventeenth century." John Spurr, *Journal of British Studies*"Godly Kingship is likely to prove enduringly useful to scholars of the Restoration." Joel Swann, *The Seventeenth Century*About the AuthorJacqueline Rose is a lecturer and Director of Studies at Newnham College, Cambridge. She researches and teaches extensively on early modern political, religious and intellectual history.
