Mrs. Davidson's writing is eloquent and succinct to the point. Invaluable resource for anyone concerned with the Vikings. 0 of 0 people found the following review helpful. A must-read for

those of British or Scandinavian descent. By Tzarita88A very interesting book filled with superstitions and legends not normally known. 0 of 0 people found the following review helpful. Very Interesting and Informative By CK3137I though the book was well-written and very informative. Keep in mind that this book is written from an academic perspective and doesn't read like a novel or story book, but if you are looking for something more research-based then this is definitely for you.

Surveys the pre-Christian beliefs of the Scandinavian and Germanic peoples. Provides an introduction to this subject, giving basic outlines to the sagas and stories, and helps identify the character traits of not only the well known but also the lesser gods of the age.
