I had heard some of the names and knew something about some of them but nothing in this much detail. This is very worthwhile read for anyone interested in revivals and spiritually gifted men and women. 2 of 2 people found the following review helpful. Must Read By Driven by

FireExcellent book! Every man or woman who feels that they are called to ministry should HAVE to read this book first. I found my self in tears as I read through the stories of these pioneers whom many paved the way before us in areas of the charismata such as healing, miracles and prophecy. Yet, to read about their failures, some who had untimely deaths was heart breaking...even though this book has been in circulation for many years now, it is still a clear wake up call to this generation.2 of 2 people found the following review helpful. Roberts is so incredibly objective and truthful yet so full of grace and respect for each "General" he wrote about. These stories inspired me, increased my faith, and have increased a desire in me for MORE.
