I got it at 99c..but would have easily purchased it at 2.99..great information. The book focuses on the Greeks personification of time and chaos. Its crazy how mythology has come into being...while the book talks about Ancient Greece...you can't help but to wonder how this plays out in our modern society...and now new myths are being developed.0 of 5 people found the following review helpful. Like an idiotBy A. J. DeRoehnLike an idiot, I bought this without seeing how many pages there were. I love Greek mythology and thought it would be a good read. It's the size of about 2 high school book reports with absolutely no insight into anything of the mythology itself. I don't understand the positive reviews this has, and wish I could have my \$3 back. Absolutely disgraceful!
