Patricia Eichenbaum Karetzky : Guanyin (Images of Asia) before purchasing it in order to gage whether or not it would be worth my time, and all praised Guanyin (Images of Asia):

2 of 2 people found the following review helpful. The best, so far, about Kuan Yin (Guanyin), Kwan Yin By Rico Riche This is a thin book, few pages. The author talks like she lived since the 5th century, day by day, with details of each second. It is an amazing book, with very interesting photos. It is the most precise book I have ever seen about Avalokitesvara and his way to become Kuan Yin (Kwan yin, Quanyin or Pu Sa). Buy It now and give it to everyone.

This book focuses on the evolution of the worship of the Buddhist deity Bodhisattva Avalokitesvara (Guanyin in Chinese) in China. Personifying divine compassion, Guanyin has played a uniquely important role in Asian religious life from ancient times until the present day. Studies of Guanyin affords a perspective from which to see the development of Buddhism in China.
