Charles Austin Beard, Mary Ritter Beard : History Of The United States before purchasing it in order to gage whether or not it would be worth my time, and all praised History Of The United States:

Charles Austin Beard (November 27, 1874 - September 1, 1948) was an American historian. He published hundreds of monographs, textbooks and interpretive studies in both history and political science. His works included radical re-evaluation of the Founding Fathers of the United States, whom he believed were more motivated by economics than by philosophical principles. This textbook from 1921 is still today one of the most interesting history books about the

United States.
