immorality. A bit scary, but necessary information. The second half discusses how to respond biblically when we are persecuted for our faith. Very very helpful! Easy to read. Uses KJV for bible quotes. 5 of 6 people found the following review helpful. Prepare yourself and your family. By Kathy C. Read this book. 2 of 3 people found the following review helpful. Five Stars By Margaret Sedor Excellent book!

Official government documents say that evangelical Christians are potential terrorists, and some Christian groups are even called hate groups. Christian doctors and nurses are being forced to perform abortions, and a Christian baker has been threatened with prison for not baking a wedding cake for a homosexual couple. Christians in Colorado, New York, and Kentucky are being forced to go through sensitivity training in order to rehabilitate from their religious beliefs and resulting moral convictions. When Communists did such things to American soldiers, we called it brainwashing. American Christians are in the early stages of persecution, and it is increasing. Unfortunately, many will be blindsided by it because few pastors and church leaders are warning about it or preparing believers for it. The first part of *How to Prepare for Hard Times and Persecution* is based on years of research into current events from a biblical perspective. It discloses what is happening, how we got there, and where we are heading. The second part gives encouragement from Scripture and biblical principles for dealing with the challenges of the perilous times in which we live. As Christians, we cannot afford to compromise our faith. We need to believe and obey the inspired Word of God. We need to be prepared to respond to persecution biblically instead of reacting to it carnally.

*From the Inside Flap* When the world tries to pressure us to deny our Christian faith or go against our biblical standards of morality, we need to have spiritual backbone and stand firm in our faith. This book shows us how.
