It's the closest I've found to an instruction manual for Orthodox living--but it doesn't read like that at all By Seeker :) Oh my gosh I am LOVING this book! It's the closest I've found to an instruction manual for Orthodox living--but it doesn't read like that at all! It's an incredibly clear look into the Orthodox lifestyle, with a very personable, honest voice. I will keep this book forever and refer back to it frequently!1

Exactly the book I was hoping it would be. Thank you so much Blu Greenberg. Excellent for "born Jews" who want to know more, and for those of us who aspire to convert to Judaism.0 of 0 people found the following review helpful. Five StarsBy anonymousThis is a great old basic. I got tired of borrowing it from the library.

Through a mixture of the contemporary and the traditional, this book makes for a fascinating, personal insight into Judaism. Tens of thousands of copies have found their way into homes and libraries. A very popular selection for prize and presentations. This is the standard work on Judaism and how to live it.
