Robert Cornuke, David Halbrook : In Search of the Mountain of God: The Discovery of the Real Mt. Sinai before purchasing it in order to gage whether or not it would be worth my time, and all praised In Search of the Mountain of God: The Discovery of the Real Mt. Sinai:

2 of 2 people found the following review helpful. Very Interesting ReadBy Mark CummingsVery interesting. Is not definitive, in my mind, placing Sinai in Saudi Arabia, but makes for a compelling argument. Would definitely like to

see this site explored by international archeologist, but based on it's location within The Kingdom, I doubt that will ever happen. 0 of 0 people found the following review helpful. It is a good real life adventure story and about the only eyewitness ...By Frances ScottI had read this book several years ago and gave my copy to my grandson who was then in seminary. I am teaching a course on the Essential 100 Bible Stories and need the book to use as reference. It is a good real life adventure story and about the only eyewitness account of the Jabal al Lawz area as it relates to the events recorded in the book of Exodus. Since 1948, when I was in 6th grade, I have known about the Arab tradition that the events recorded in the book of Exodus occurred in Saudi Arabia; I am more than pleased to have this eyewitness account that confirms what I learned 68 years ago! 0 of 0 people found the following review helpful. This is one of the most incredible books I've ever ...By Laurie GoodsonThis is one of the most incredible books I've ever owned. The photos in the book alone are worth the price. It is full of compelling evidence for the REAL mountain of God, where He came down to the mountain top as told in Exodus. This is a keeper.

Armed with their courage, their determination, their wits and a Bible, Robert Cornuke and Larry Williams embarked on a journey to confirm the Bible as historically accurate. In the process they discovered not only their goal but a faith strengthened by the evidence. "When I stood on those scorched rocks, my life was changed at that moment," Cornuke would later recall. Sneaking across borders, crawling into forbidden military installations, and using night vision goggles to avoid being detected, these men pursued their mission. In Search of the Mountain of God tells the amazing story of the discovery of what they and others are convinced is the authentic location of the biblical Mt. Sinai. Their evidence and passion will make a believer out of you.

About the AuthorRobert Cornuke is an international adventurer and explorer who has appeared on the CBS television special Ancient Secrets of the Bible, NBC Dateline, NBC Evening News, and The 700 Club. Articles about him have appeared in Newsweek, People, The New York Times, Parade, The Washington Press, and Vanity Fair. He has also appeared on national radio shows with Wayne Lapiero, G. Gordon Liddy, and Dick Staub. A former police investigator and Swat team member, Bob is founder and president of Bible Archaeology Search and Exploration Institute (BASE) and lives in Colorado Springs, Colorado.
