receive this! It was brand new and packed perfectly for the small shipment. After beginning my genealogy research recently, this book was like a treat for the long hours spent on the computer. I love that I can find ANYTHING on !

It was the summer of 1863 at the height of the U.S. Civil War. Federal troops fanned across Tennessee, the final state to secede from the Union, and emancipated its slaves. By July they reached Giles County and the slaves belonging to the extended family of the Abernathys, Easons, Rivers, and Tarpleys. While some chose to remain on those plantations, at least 59 of their slave men enlisted to the Union Army. They were divided among 6 colored regiments, provided essential services, participated in 12 battles and skirmishes, and were mistreated by Confederates for 9 months as prisoners of war. Many of their stories are told in their own words. It is from their military service records and pension files that their stories of slavery, family, bravery, suffering, love, and loss are revealed. This book honors their lives and is dedicated to their descendants. This book is intended to be a tool to help African-Americans break through the genealogical brick wall of slavery.
