**Maulana Abul Kalam Azad : India Wins Freedom** before purchasing it in order to gage whether or not it would be worth my time, and all praised India Wins Freedom:

2 of 2 people found the following review helpful. Great Book exemplary clarity of mindBy YashThe book is an easy read, and transports the reader to the time of the events Azad draws a clear picture of the circumstance and exhibits objectivity, acuity and clarity of mind.What is most surprising is the firm grasp that Azad has over Indian attitudes for example during his presidency of the congress he appoints a majority of minority community representatives to the

viceroys council fully confident that this would be acceptable to the majority Hindu community.0 of 0 people found the following review helpful. Wonderful read for history loversBy BhavsA great read from perspective of a great leader. We don't realize how much we are indebted to so many leaders for all their work towards independence. The book helps answers some questions about how the partition came about. Maybe not everything should be taken as it is written but still - this is a great read for people interested in the Indian struggle for independence and the partition.0 of 0 people found the following review helpful. Four StarsBy CustomerIt's good.

One of the makers of modern India tells the story of the partition of India as never before, with intimate knowledge and feeling. *India Wins Freedom* has at last won its own freedom. The full text of this autobiographical narrative was confined, under seal, in the National Library, Calcutta, and in the National Archives, New Delhi, for thirty years. What we now have is the complete text, released in September 1988, by a court directive. Not only have all the words and phrases of the original been reproduced, the original tone and temper have been fully restored. The text now reveals that the controversy that has simmered for so long about the hitherto unpublished pages, was fully justified.
