I have never read any other book on this topic...By Natalie Bergstrom In Jacobs Dozen, William Varner explains the incredible predictive prophecies the patriarch Jacob gives to each of his sons in the final hours of his life in Genesis 49. And with a little creative license of his own, Varner invites

the reader to imagine, with him, what the characters in the story must have been thinking and feeling as they looked forward and learned what would befall them and their descendants in the future. Varner traces the fulfillment of these prophecies from Genesis to Revelation - and even shows how several of these prophecies are still being worked out and will find their ultimate fulfillment in a future age yet to come. A great read for anyone interested in predictive prophecy or the history of the twelve tribes of Israel. 2 of 2 people found the following review helpful. Interesting, easy read, good scholarship, true to the Bible. By Suebee Very well written, Biblically accurate, very inclusive treatment of Genesis 49 prophecies and their fulfillments in Biblical times. Also give good treatment of what happened to the tribes after that and their future. I highly recommend this book. 1 of 1 people found the following review helpful. 12 Tribes of Israel--Jacob's sons By Helena I knew I would like this book and author. If you are familiar with Israel My Glory magazine, then you will love the in-depth writing of Will Varner. He is very thorough and very understandable. Jacob's Dozen is excellent to Jewish culture and history, backed by scripture and I was blessed spiritually by this book. You will learn so very much about today's nations as you learn about each son of Jacob.

Jacob's Dozen is a study of the biblical history and prophecies associated with each of the tribes of Israel. It is based on Jacob's deathbed prophecies concerning each of his twelve sons found in Genesis 49. The remarkable manner in which each prophecy was fulfilled in that tribe's history is clearly explained. Other fascinating subjects, such as the lost tribes of Israel and the role of the tribes in the end times, are explored. You will be amazed and blessed by this scholarly, yet readable prophetic look at the tribes of Israel.
