the true origins of the white race and the other Non Africanoid Races of man. Matlocke describes and reveals the hidden meanings of the symbolism in the bible. He uncovers the veiled truths that have remained secret until just recently. It is no wonder that a few people gave him bad reviews, either these people belong to fraternities and organizations that strive hard to keep the sanctity of their secrets, or they are too stuck in their current paradigm to accept the disturbing reality that Matlocke has uncovered. This book is recommended to anyone who is interested in true world history, and anyone who is wise enough to find fault with the currently held, popular view of history. 9 of 24 people found the following review helpful. Poorly Done By S. Schoolfield I agree with many of Mr. Matlock's basic ideas - that the Jews have a strong connection to India. I started this read expecting to like the book, but in the end it was not so. Mr. Matlock is a ardent material realist who believes our ancestors misunderstood a rock (natural element) to be God!!! Mr. Matlock is completely out of touch with modern science, specifically quantum physics. Quantum physics is in agreement with monistic idealism, the exact opposite of material realism. Mr. Matlock has a very poor understanding of philosophy and theology. This book set a new all time record number of "Bulls**t" noted in the margins of my copy. Do not waste your money on this book. 15 of 23 people found the following review helpful. Jesus and Moses Are Buried in India, Birthplace of Abraham ..By Vinit K Shah This brilliant book gives irrefutable evidence, painstakingly gathered, that Jesus and Moses died in India! Brilliant research! A must read for all those in doubt about the subject.

Jesus and Moses are Buried in India, Birthplace of Abraham and the Hebrews! is a new kind of biblical history that brings out facts, not myths and guessing games. Unlike priests and preachers, who exhort their followers to swallow lies and spiritual ordure, I don't want my readers to swallow what I say naively. They should check all my references for themselves. This book follows the ancestors of the Hebrews from Eastern Siberia down to what is now the Indian subcontinent; later, to what is now Israel. You'll be surprised to find out who and what Jehovah, Abraham, Sarah, Moses, Jesus really were. The book also blasts dangerous myths, such as the Christian fundamentalists' assertion that "God" wants nearly all Jews to die in a "Battle of Armageddon." That war happened in India, thousands of years ago. We're now in Millennium 2000. It's time for mankind to let truth take over his existence.

About the Author When Gene D. Matlock was seven years old, he became deathly sick from pneumonia. His mother prayed that if he survived, she would dedicate him to the study of theology. She never suspected Gene's studies would lead him to "no-no" conclusions not welcome in Sunday School, the mosque, and the synagogue.
