From Indiana University Press : Jewish Life in Germany: Memoirs from Three Centuries (The Modern Jewish Experience) before purchasing it in order to gage whether or not it would be worth my time, and all praised Jewish Life in Germany: Memoirs from Three Centuries (The Modern Jewish Experience):

2 of 3 people found the following review helpful. Great!By RETFOSSOne of the best personal history accounts I have ever read.3 of 3 people found the following review helpful. Fascinating introduction to the German Jewish experience.By JDGDr. Richarz provides the reader with an opportunity to understand the German Jewish experience from the subject's vantage point and in their own (translated) words. Her anthology demonstrates the many facets of German Jewish experience from the eighteenth century until the Holocaust. The contributors speak of their own and their families' degree of religious observance, the psychological and economic effects of state-sponsored discrimination, as well as the geopolitical maneuvering that Jews in Europe, and in particular German Jews, had to do in order to preserve their too often despised communities. This book is a must read for persons interested in any aspect of modern German Jewish social history.

It is the best group portrait of German Jewry that we have." Washington Post Book World... weaves a fascinating social tapestry of German Jewry from 1780 to 1945.... Richarz's introduction furnishes a probing analytic overview of German Jewish social history." Library JournalRicharzs Jewish Life in Germany represents a major contribution to filling the void between broad generalization and actual human experience." Contemporary Jewry... a most remarkable collection of documents... extremely well selected, very full... immensely useful to anyone wanting to study modern Jewish history, modern German history, or for that matter modern history as such." Peter GayThe social history of German Jewry from 1780 through 1945 comes to life in this unique collection of autobiographical documents by ordinary individuals from all social strata, from city and country, and from various professions and political and religious groups.

From Library JournalAn abridgement of editor Richarz's original three-volume German edition, this collection of 51 memoirs, diaries, and family chronicles of German Jews weaves a fascinating social tapestry of German Jewry from 1780 to 1945. The editor, Director of Germania Judaica at the Cologne Library for the History of Jews in Central Europe, selected broadly representative Jewish voices--males and females, traditionalists and reformers, urbanites and villagers, middle class and underclass--who reveal much about the inner dynamics of German Jewish life during the various historical periods, as well as about Jews' relations to the external environment. Richarz's introduction furnishes a probing analytic overview of German Jewish social history, highlighting the demographic, social, economic, and cultural patterns of German Jews who gradually entered German society only to be summarily expelled from it in the Nazi era. Highly recommended for scholars and serious students of German Jewish history.- Benny Kraut, Univ. of CincinnatiCopyright 1991 Reed Business Information, Inc. "It is the best group portrait of German Jewry that we have." Washington Post Book World " ... weaves a fascinating social tapestry of German Jewry from 1780 to 1945...
