David Goldfield, Carl Abbott, Virginia DeJohn Anderson, Jo Ann E. Argersinger, Peter H. Argersinger, William M. Barney : The American Journey: Volume 2 (7th Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised The American Journey: Volume 2 (7th Edition):

I can't give it 1 star because it's not the authors fault. As far as the content goes, the information about U.S. history is there, however you won't learn much about any one particular thing since there is so much that needs to be cramped into 1 textbook. If you're like me however, you get the book because you have to.0 of 0 people found the following review helpful. Pretty GoodBy DOOMWARThe American Journey Volume 2 is what we've been using for our U.S. History course this semester. It's a pretty good book filled with information focusing on many important events of the history of America. I would recommend reading the book right after a lecture on the

current topic just to re-enforce the information and learn some more things regarding that event. I have thus far enjoyed using this book for the class as it's not written as a stale history book but something with style. The media, aka images in the book really bring the history to life as well. :) 0 of 0 people found the following review helpful. Book great, but seller even better! By EmboI ordered this textbook from BOOKERC as a Mother's Day present (she requested a replacement for her old high school history textbook). I was unable to order it until the Wednesday before Mother's Day, so wasn't expecting it until early the following week -- but the seller expedited my order (even made a special trip to the PO) -- and I got the book on Saturday! Unfortunately, the book -- although spectacular and an excellent deal -- didn't suit my mother. So . . . I asked BOOKERC if they took returns, and they were as nice about this as they were everything else. Textbook is really thorough, takes a creative, overlapping approach to U.S. history, seems well-written and researched (sources, suggestions, etc.). I would highly recommend it to anyone looking or needing a smart, up-to-date overview of the period. And I would definitely recommend any purchase from BOOKERC, period!

Frames American history through personal and collective journeys Offering a blend of political and social histories, The American Journey shows that our attempt to live up to our American ideals is an ongoing journey one that has become increasingly more inclusive of different groups and ideas. With a goal of making American history accessible, the authors offer a strong, clear narrative and provide students with the tools they need to understand history. MyHistoryLab is an integral part of the Goldfield program. Key learning applications include assessment, MyHistoryLab Video Series, and History Explorer. A better teaching and learning experience This program will provide a better teaching and learning experience for you and your students. Here's how: Personalize Learning MyHistoryLab is an online homework, tutorial, and assessment program. It helps students prepare for class and instructor gauge individual and class performance. Emphasize Outcomes Learning Objective Questions at the beginning of each chapter and a chapter review and thematic timeline ending each chapter keep students focused on what they need to know. On MyHistoryLab, practice tests help students achieve these objectives by measuring progress and creating personalized study plans. Engage Students A new pedagogically-driven design highlights a clear learning path through the material and offers a visually stunning learning experience in print or on a screen. With the Pearson eText, students can transition directly to MyHistoryLab resources such as primary source documents, videos, and mapping exercises. Improve Critical Thinking Powerful learning applications in MyHistoryLab including Explorer mapping exercises, Closer Look analyses of sources and topics, and Writing Assessments tied to engaging videos promote critical thinking. Support Instructors MyHistoryLab, Instructors eText, MyHistoryLab Instructors Guide, Class Preparation Tool, Instructors Manual, MyTest, and PowerPoints are available.

About the Author David Goldfield is the Robert Lee Bailey Professor of History at the University of North Carolina, Charlotte, and the author of books including *America Aflame* and *Still Fighting the Civil War*.
