Davis This is what you reach for when someone tries to quote out of context or use "what our founding fathers wanted for us" so you can cut through the argument points and use Primary Sources! Absolutely Needed Resource By John R. DiLullo Knowing our history is absolutely needed in this day and hour. Especially primary sources. It's one thing to read American history from some alleged "authority" with a degree. But when you can read actual documents (i.e., letters, journal entries, etc.) written by the Founding Father himself then that's something else. Read this and know what our Founding generation said for themselves. 0 of 0 people found the following review helpful. Five Stars By W. Stuart Everyone should own it.
