From Routledge : The American Revolution Reader (Routledge Readers in History) before purchasing it in order to gage whether or not it would be worth my time, and all praised The American Revolution Reader (Routledge Readers in History):

The American Revolution Reader is a collection of leading essays on the American revolutionary era from the eve of the imperial crisis through George Washingtons presidency. Articles have been chosen to represent classic themes, such as the British-colonial relationship during the eighteenth century, the political and ideological issues underlying

colonial protests, the military conflict, the debates over the Constitution, and the rise of political parties. The volume also captures how the field has been reshaped in recent years, including essays that cover class strife and street politics, the international context of the Revolution, and the roles of women, African Americans and Native Americans, as well as the reshaping of the British Empire after the war. With essays by Gordon S. Wood, Mary Beth Norton, T.H. Breen, John M. Murrin, Gary B. Nash, Woody Holton, Rosemarie Zagari, John Shy, Alan Taylor, Maya Jasanoff, and many other prominent historians, the collection is ideal for classroom use and any student of the American Revolution.

About the Author Denver Brunsman is Assistant Professor of History at George Washington University. He is the author of *The Evil Necessity: British Naval Impressment in the Eighteenth-Century Atlantic World* and an editor of *Colonial America: Essays in Politics and Social Development*, Sixth edition (Routledge).
