Thomas McKenzie : The Anglican Way: A Guidebook before purchasing it in order to gage whether or not it would be worth my time, and all praised The Anglican Way: A Guidebook:

2 of 2 people found the following review helpful. Helpful, easy to read, answers many questions---recommended!By MaymieI love this book. My husband and I have been in the Anglican Church for 2 1/2 years now and I bought this book when we first started attending. I've read it several times and still refer back to it from time to time. Great, simple

explanations of their beliefs and traditions and how they ended up where they are today---having parted ways with the ECUSA. Highly recommended for "beginner Anglicans".4 of 4 people found the following review helpful. Excellent Introduction to AnglicanismBy Michael FlowersHats off to Fr. McKenzie for providing a timely, practical, highly readable and thorough introduction to the Anglican Way. As an Anglican priest, I will recommend this work to my church family as well as new folks inquiring about Anglican worship, history and theology. To date, this is the most current introduction on the Anglican communion and the Anglican options emerging within North America. I love the fact that it's written by a practitioner, one who's hammered out the many questions raised by those coming into the Anglican Church from other traditions.I am also happy about Fr. Thomas' choice to present theologically divergent and potentially divisive issues and practices in a generous and balanced tension. This alone makes the book a great tool for priests who hold vastly different positions. Thanks Fr. McKenzie for giving us all a great resource!0 of 0 people found the following review helpful. Great primer for those curious about AnglicanismBy RoamingChileThis was assigned to me by my pastor as I get more serious about committing to the Anglican tradition of Christian worship. I recommend it for those who are curious about what Anglicans believe and why they do what they do. It's an easy read meant as an introduction.

The Anglican Way is a guidebook for anyone interested in following Jesus as an Anglican Christian. Written for both the newcomer and the person who wants to go deeper, this book answers hundreds of questions about history, theology, worship, and more. Learn about this ancient but fast-growing branch of the Body of Christ. Let this guide help you as you walk the Anglican Way. A Methodist pastor, Reverend Robert Pelfrey, wrote this about the book. We think he sums it up well: The best thing about The Anglican Way is how it covers a broad sweep of life in the Anglican Way without sacrificing the depth that should naturally come with a book about Christian living (though, tragically, all too often does not). Are there books that cover more Anglican history and theology? Yes. Are there books that include more Anglican prayers and liturgy? Of course. Are there books that more completely discuss the particularities and intricacies of the Anglican tradition? Perhaps (though not many).But is there any book anywhere that covers all of these things -- Anglican history, theology, distinctives, prayers and liturgies, and many other aspects of the balance and complexities of the Anglican Way -- all in one winsome, personal, and very practical volume? I feel sure in saying that there is not.The Anglican Way is a book born of passion and a lifetime of devotion. McKenzie is obviously both highly knowledgeable of, and deeply committed to his subject matter. Other traditions would do well to have such a voice. Regardless of one's background or denominational affiliation, there is much here that is instructional...and inspirational.

"The Anglican Way is an immensely helpful introduction to Anglicanism. By contrasting the seeming polarities, Thomas McKenzie helps readers to understand the richness -- and the seeming contradictions -- of this extraordinary Way of being a Christian. The writing is practical and accessible and the fruit of significant pastoral engagement."- The Most Reverend Robert Duncan, Archbishop of the Anglican Church in North America
