**Fiona Bowie : The Anthropology of Religion: An Introduction** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Anthropology of Religion: An Introduction:

0 of 0 people found the following review helpful. Great read By battgirl Great read. Not outdated at all for being a second addition. Really walks the reader through from the basics of anthropology to the different aspects of religion and tradition. 3 of 3 people found the following review helpful. Anthropology of Religion by Bowie By Jimmie L. Marmot Bowie's Introduction to The Anthropology of Religion is well written and introduces the reader to a broad spectrum of religions and worldviews. Basic and complex perspectives are presented in a format that is understandable

and enlightening. I highly recommend this reading. I plan to use it as a introductory textbook in my Anthropology of Religion class. 0 of 0 people found the following review helpful. Excellent  
By Mayra  
Excellent book

Now available in a revised second edition, this popular introduction to the anthropology of religion combines discussion of the origin and development of debates within the field, with a look at where the subject is heading. Introduces readers to the central theoretical ideas in the anthropology of religion and illustrates them with specific case studies. Features self-contained chapters, each with its own comprehensive bibliography, so that they can be approached in any order. Contains an additional chapter on mythology and a number of new illustrations. Incorporates coverage of the following topics in the existing structure: pilgrimage, spirit possession and cargo cults. Includes a list of ethnographic films and videos that can be used to illustrate and extend discussion of particular issues.

From the Back Cover  
The second edition of this popular introduction to the anthropology of religion now features new chapters on mythology and pilgrimage, as well as coverage of topics such as spirit possession and cargo cults. The volume: Introduces readers to the central theoretical ideas in the anthropology of religion, illustrating them with specific case studies; Features self-contained chapters, each with its own comprehensive bibliography, so that they can be approached in any order; Develops ideas throughout the book, linking the work of nineteenth- and early twentieth-century scholars, and contemporary ideas and practices; Includes an appendix offering a list of ethnographic films and videos that can be used to illustrate and extend the discussion of particular issues. This accessible textbook will inspire students to explore the field further and encourage them to see that anthropology is not just about reading or doing fieldwork, but offers an enriching way of looking at the world.  
About the Author
