**Diana DiPaolo Loren : The Archaeology of Clothing and Bodily Adornment in Colonial America (American Experience in Archaeological Perspective)** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Archaeology of Clothing and Bodily Adornment in Colonial America (American Experience in Archaeological Perspective):

0 of 0 people found the following review helpful. Great resource  
By Customer  
Used as a resource for my thesis, as well as mining for other resources. Easy to read/comprehend for researchers and interested public alike.  
4 of 5 people found the following review helpful. Three Stars  
By Rschluessel  
not enough illustration

No one who reads this book will ever look at a button, a buckle, or a bead in quite the same way again. Diana Loren adroitly demonstrates how small finds associated with everyday dress and bodily adornment truly mattered in colonial discourses between Europeans and Native Americans over identity, social positioning, and power.  
Mary C. Beaudry, Boston University  
Highly readable but also innovative in its approach to a broad array of material from diverse colonial contexts.  
Carolyn White, University of Nevada, Reno

Highly readable but also innovative in its approach to a broad array of material from diverse colonial contexts." - Carolyn White, University of Nevada, Reno  
"Loren brings together a sampling of the extensive literature on the archaeology of clothing and adornment to argue that artifacts of the body acquire their meaning through cultural practice. She shows how dress serves as social discourse and a tool of identity negotiation." - Kathleen Deagan, Florida Museum of Natural History  
About the Author  
Diana DiPaolo Loren is Associate Curator at Harvard University's Peabody Museum of Archaeology and Ethnology.
