Jerry Sutton : The Baptist Reformation: The Conservative Resurgence in the Southern Baptist Convention before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Baptist Reformation: The Conservative Resurgence in the Southern Baptist Convention:

1 of 1 people found the following review helpful. Great Resource By Ryan Carter I was raised with an Independent Baptist background. Church leadership all watched as liberalism swept through the Southern Baptist seminaries. The

result was our church leadership spoke negatively of the liberal Southern Baptists. This book puts into perspective why the Independents were so negative of the Southern Baptist denomination, but also tells the rest of the story and of the difficult path Southern Baptists have traveled to return to Biblical authority and conservatism. (This part of the story was never talked about or discussed.) I recommend this book to all my Independent Baptist friends who now consider me a liberal Southern Baptist Pastor. Let the full story and facts be known! 0 of 0 people found the following review helpful. Great Gift. By M. Armstrong I bought this as a gift for my brother who had joined a Southern Baptist Church in Florida. He wanted to learn more about the background of the convention and had heard about this book. I have not read it, but he was very impressed. He would recommend this to anyone interested in learning about the SBC. 0 of 0 people found the following review helpful. This was an unbiased history of the Baptist Reformation. ... By Dr. Gene L. Jeffries This was an unbiased history of the Baptist Reformation. The writing was clear and concise, and the footnotes completed the narrative. I highly commend this work to all who are interested in contemporary Baptist history.

Jerry Sutton examines the twenty-year struggle to restore the destiny and distinction of the Southern Baptist Convention by describing the context of the struggle, the reformation that began in the Convention and how it took place, and the institutions in which the resurgence took place. This book serves as a testimony and an expression of gratitude to those who worked to bring about the Baptist Reformation.
