By Daniel L. Sweet
In his excellent work "The Kabbalistic Mirror Of Genesis", David Chaim Smith often refers to a work entitled "The Fountain Of Wisdom" as one of the primary source works that inspired him in writing "Kabbalistic Mirror". As I studied it his reasons became most clear. "Fountain Of Wisdom" is one of the oldest Kabbalistic documents extant, included along with the "Books Of Contemplation", this work's title. This book is an excellent study/source work for all things Kabbalistic, especially "Kabbalistic Mirror". Mr. Verman does a first-rate job of gathering translations and tracing the historical origins of the material in question. What struck me is how this demonstrates the depths and universal truths expounded in Kabbalah from the very earliest history of the venerable tradition. I recommend it to help in understanding the wonders hidden there. The entire book is a must-have in digging up all of the great light hidden there. It is a great buy and VERY enlightening. A great companion to "Kabbalistic Mirror". Read it and SEE!

From The Chief Magician of Mystery Babylon:
"He gives this book 3 stars because of certain shortcomings... True Initiates and Adepts into the Qabbalah never care for so called scholars on Qabbalah as they are not Initiates nor Adepts, their only utility being textual criticism and analysis.
first its pro's, it provides critical texts of a number of esoteric hebrew books
the cons:
1. The english translations of the texts it provides is 7/10.
2. Book of Unity is not provided nor the full response of Hai Gaon!!!
3. No english translations to hebrew texts in appendix!
