He is the only writer that I have found that writes the truth of history without embellishment or a slant on the facts. His facts are true and extremely well researched. He is a pleasure to read and listen to as he know his history so well you'd think he was sitting in the room with George Washington and

all of our Founding Fathers as well with all of the other men and women he had studied and written about. He is truly unique in his perspective and keeps his FACTS true. 0 of 0 people found the following review helpful. Gotta Get This Book! By TallgirlFabulous book. Discover facts that the liberal educational organizations do not want you to know. George Washington was a man blessed by God and had supernatural protection. This book is the greatest. I have shared the information with my grandchildren. They had no idea he was a man so dedicated to following the Lord. Very quick service by the seller. 2 of 2 people found the following review helpful. Quite fascinating! By Judy3338I found this book absolutely fascinating! There is no doubt in my mind that God protected George Washington, having in mind that he was to serve as the winning general during the Revolutionary War and then go on to be the country's first President. It is a pretty quick read and therefore is worth reading again...soon. Highly recommend!

Colonial George Washington's perilous experiences in the French and Indian War are chronicled in this riveting account of God's providence and protection. The only officer on horseback to avoid being shot down, young Washington openly attributed his miraculous escape from harm to the intervention of a sovereign God. A story once founded in student textbooks, this awe-inspiring adventure is recaptured in a modern edition complete with maps and illustrations.
