**Livia Rokach : The Catholic Church the Question of Palestine** before purchasing it in order to gage whether or not it would be worth my time, and all praised The Catholic Church the Question of Palestine:

Rokach studies the complex relationship between Catholicism and Zionism, from the 1890s to the 1980s. She

considers the Vatican's evolving policy towards the Palestinians; the influence of Zionist lobbies on American Catholics; and the complicating factor of Lebanon.

About the Author Livia Rokach was born in Israel, where she worked as a journalist. She was Israel Radio's correspondent in Rome in the 1960s, and subsequently became correspondent of the Palestinian newspaper Al Fajr. Her book Israel's 'Sacred Terrorism', based on the diaries of Israeli Prime Minister Moshe Sharett, was published in 1980. She committed suicide in 1984.
