John L. Allen : The Catholic Church: What Everyone Needs to Know before purchasing it in order to gage whether or not it would be worth my time, and all praised The Catholic Church: What Everyone Needs to Know:

27 of 29 people found the following review helpful. The Catholic Church: What Everyone Need to KnowBy Charles LewisJohn Allen is already known as the best English-language reporter covering the Catholic Church today. Any of his many books are worth reading. But his latest, The Catholic Church: What Everyone Needs To Know, is fantastic. It is probably the greatest single resource I have found for understanding Catholicism and the Catholic Church. It's written in simple, question and answer style, and all jargon is explained in plain language. This book would have been

perfect for the many reporters covering the recent conclave. But given the Church always seems to be in the news it should still be read by anyone in the media. For everyone else, Catholic or non-Catholic, it will increase your knowledge of one of the world's great institutions. Allen writes for the National Catholic Reporter. But even though he's associated with a Catholic paper he remains the most balanced reporter on Church issues. He never white washes the sins but nor does he shrink from celebrating what is great about the Church. I have read many books on Catholicism and the Church and this by a mile is the finest. 1 of 1 people found the following review helpful. Recommended for anyone who wants to know how the Church ...By James F Mahon III No nonsense overview of the Catholic Church. Can't think of a question that I had about the Church that it didn't answer. Recommended for anyone who wants to know how the Church does and does not function as an organization. 0 of 0 people found the following review helpful. Five Stars By Sarah Harding John informs us about many things about the church I did not know.

Roman Catholicism stands at a crossroads, a classic "best of times, worst of times" moment. On the one hand, the Catholic Church remains by far the largest branch of the worldwide Christian family, and is growing at a remarkable clip. Yet the Church has also been rocked by a series of scandals related to the sexual abuse of minors by clergy, and, even more devastating, the cover-up by the Church hierarchy. The decade-long crisis has taken a massive financial toll, but the blow to both the internal morale and the external moral standing of the Church has been even steeper. Today, the Church has enormous residual strength and exciting future prospects, but also faces steep internal and external challenges. The question of "whither Catholicism" is of vital public relevance, for believers and non-believers alike. In *The Catholic Church: What Everyone Needs to Know*, John L. Allen, Jr., one of the world's leading authorities on the Vatican, offers an authoritative and accessible guide to the past, present, and future of the Church. This updated edition includes a new chapter on the resignation of Pope Benedict XVI, the election of Pope Francis, and his extraordinary tenure thus far.
