Alan Kreider : The Change of Conversion and the Origin of Christendom: before purchasing it in order to gage whether or not it would be worth my time, and all praised The Change of Conversion and the Origin of Christendom::

0 of 0 people found the following review helpful. I was very encouraged to read this book. It ...By Postman65I was very encouraged to read this book. It gives an in-depth look at the early church and how it has lost its power and

influence. We have sadly departed from Biblical conversion. 0 of 0 people found the following review helpful.
Critically important. By Customer I think that before any religious institution considers things like classes for new people through to Alpha, this book should be read, digested and responded to. Of paramount importance for those seeking to be involved in the spiritual formation of community members.

Focusing on conversion and Christendom, and the relationship of one to the other, Alan Kreider helps readers think about the meaning of the word Christendom, its character and inner dynamics, arguing that methods of conversion produced Christendom.

This scholarly book is at once accessible to both a lay reading audience and the more academically oriented. -- C. Norman Kraus, as printed in Mennonite Quarterly About the Author Alan Kreider is Associate Professor of Church History and Mission at Associated Mennonite Biblical Seminary, Elkhart, Indiana.
