**Jaroslav Pelikan : The Christian Tradition: A History of the Development of Doctrine, Vol. 2: The Spirit of Eastern Christendom (600-1700) (Volume 2)** before purchasing it in order to gauge whether or not it would be worth my time, and all praised The Christian Tradition: A History of the Development of Doctrine, Vol. 2: The Spirit of Eastern Christendom (600-1700) (Volume 2):

1 of 1 people found the following review helpful. Serious topic highly readable  
By Aloysia Moss  
I found this book beautifully written . However it certainly is an erudite text ! That being said taking the time to read it is worth it . No matter where you start the experience is a delight . The historic context is presented to the reader and makes clear just how what went on so long ago has given us what we have today .

Five Stars  
By Pauline Goldberg  
Interesting and informative--and best of all, written so a layman can understand.  
2 of 2 people found the following review helpful. Great History  
By Oneisimus  
I am greatly impressed by Pelikan's credentials and am finding this volume even better than the first. Of course, my sympathies lay with Orthodoxy so that may be expected. Impressive and handy references to support documents are made throughout. Highly recommended.

The line that separated Eastern Christendom from Western on the medieval map is similar to the "iron curtain" of recent times. Linguistic barriers, political divisions, and liturgical differences combined to isolate the two cultures from each other. Except for such episodes as the schism between East and West or the Crusades, the development of non-Western Christendom has been largely ignored by church historians. In *The Spirit of Eastern Christendom*, Jaroslav Pelikan explains the divisions between Eastern and Western Christendom, and identifies and describes the development of the distinctive forms taken by Christian doctrine in its Greek, Syriac, and early Slavic expression."It is a pleasure to salute this masterpiece of exposition. . . . The book flows like a great river, slipping easily past landscapes of the utmost diversitythe great Christological controversies of the seventh century, the debate on icons in the eighth and ninth, attitudes to Jews, to Muslims, to the dualistic heresies of the high Middle Ages, to the post-Reformation churches of Western Europe. . . . His book succeeds in being a study of the Eastern Christian religion as a whole."Peter Brown and Sabine MacCormack, *New York Review of Books*"The second volume of Professor Pelikan's monumental work on *The Christian Tradition* is the most comprehensive historical treatment of Eastern Christian thought from 600 to 1700, written in recent years. . . . Pelikan's reinterpretation is a major scholarly and ecumenical event."John Meyendorff"Displays the same mastery of ancient and modern theological literature, the same penetrating analytical clarity and balanced presentation of conflicting contentions, that made its predecessor such an intellectual treat."Virginia Quarterly Review

About the AuthorJaroslav Pelikan is Sterling Professor of History Emeritus at Yale University.
